

do not belong to the larger associations for colleges. If students are in doubt as to whether they can use credits which they contemplate making by extension or correspondence, they should write to the Dean of the College before registering for the courses that they have in mind.

5. Students in extension courses are required to submit to the Registrar transcripts from high school or from colleges formerly attended.

6. Extension students are expected to meet the catalogue prerequisites and to do the readings and make reports such as are required for the same course on the campus.

7. Teachers will give the same number of clock hours net to an extension course as are given to the same course on the campus.

8. The fees are \$15 for each three-hour extension course. To this shall be added fifty cents for textbook rentals for each text, and a \$3.00 library deposit.

9. No student may enroll for an extension course after the second meeting of that course.

10. The date of the transcript of an extension or correspondence course will be the entry date on a student's record, and credits according to entry dates will determine the student's load for a given semester or term.

11. In no circumstance will credit be given in laboratory science for courses done by correspondence.

12. Students will not be permitted to offer work in English by correspondence.

EXPENSES

Matriculation Fee. The fees at the State Teachers Colleges are fixed by statute. A total matriculation fee for the session of nine months is \$50. Fees will be accepted only at the beginning of each semester. At the opening of school in September, the student will pay a matriculation fee of \$25, and he will pay the same amount at the beginning of the second semester the latter part of January.

Optional Fee. A fee of seven dollars and fifty cents per semester which covers text book rental, admission to all intercollegiate contests on the local field, admission to lyceum attractions, intercollegiate debates and oratorical contests, subscription to the Pine Log, and so forth, may be paid by all students. A ticket covering the above will be issued to the student at the time the fee is paid. Students who do not have this ticket will be charged regular admission prices for all college attractions. The textbook rental includes free use of textbooks except English and language classics and laboratory manuals. It does not include stationery or supplies.

Medical Service Fee. The medical service fee, which is two dollars for each semester, is to cover physical examination and ten days hospital service, in case of illness. This fee does not include physician's fees or special nursing fee.

Library and Textbook Deposit. Each student will pay at the time of matriculation a deposit of three dollars, which will serve as a trust fund for the care and return of library and textbooks. This fee, less deductions for library fines and textbook damage, is returnable at the close of the college year or at such other time as the student withdraws from school.

Diploma Fee. On application for the degree, students will pay a diploma fee of five dollars.

Music Fee. Such students as elect to take private lessons in music under the direction of the college will pay a fee of twenty-seven dollars per semester, payable in advance.

Out of State Tuition. Students who are non-residents of the State of Texas are charged additional tuition in accordance with the state law, which provides that the tuition shall be an amount equivalent to the amount charged students from Texas by similar schools in the State of which the said non-resident shall be a resident.

The law provides that "a non-resident student is hereby defined to be a student of less than twenty-one (21) years of age, living away from his family and whose family resides in another state, or whose family has resided within this State for a period of time less than twelve (12) months prior to the date of registration, or a student of twenty-one (21) years of age or over, who resides out of the State or who has resided within the State for a period of less than twelve (12) months prior to the date of registration."

Tuition charged out-of-state students is uniform for all institutions supported by the State of Texas. Prospective non-resident students are advised to write to the Registrar for information as to what the out-of-state fee will be.

Provision also is made in the law that each resident or non-resident student who registers for less than twelve (12) semester hours may be charged a sum proportionately less than that above prescribed, provided each student registered shall pay no less than seven dollars and fifty cents (\$7.50) per semester.

NO PART OF THE MATRICULATION FEES WILL BE REFUNDED AFTER CLASS WORK BEGINS, except under the following conditions:

Within the first week after date of his enrollment, a student withdrawing is entitled to a refund of 80 per cent of his tuition and fees; within the second week, 60 per cent of tuition only; within the third week, 40 per cent of tuition only; within the fourth week, 20 per cent of tuition only.

Payments for corner rooms will be \$31.25 per month.

Due to uncertainties in food costs, the College reserves the right to make a reasonable increase in the price of board at any time.

Students who are delinquent in their payments beyond the 10th of the month will pay a penalty charge of 25c a day for each day of such delinquency.

A deposit of \$5.00 is required to reserve a room in either of the dormitories. This deposit must be maintained during the residence of the student as a trust deposit against damage, and so forth. Reservations may be made by writing to the Business Manager of the College.

The college makes a list of accredited boarding houses at which students may room if given approval by the Dean of Women or Dean of Men. Students who have this approval should have a definite understanding with boarding house keepers with reference to terms and conditions, and are expected to abide by their contracts faithfully, though, of course, college officers are not parties to contracts made by students.

In order to find a place on the approved list a home must conform to modern standards as to comfort and sanitation, and must agree to cooperate with the college authorities in the enforcement of regulations essential to the welfare of students. Men and women do not board at the same house. As a rule, boarding house keepers do not furnish bed clothing and linen. The student should bring with him these things to suit his individual needs.
