

for any amount of undergraduate tuition the student has paid to other institutions of higher education by providing the institution with proof of the total amount of tuition paid to other institutions of higher education.

A student who has transferred from another institution of higher education shall provide SFA an official transcript from each institution attended by the student in order that the total number of hours attempted by the student can be verified.

To qualify for a rebate, the student must have been a resident of Texas and entitled to pay tuition at the rate provided for a resident student at all times while pursuing the degree.

If a student entitled to a rebate has an outstanding student loan, including an emergency loan, owed or guaranteed by the state of Texas, including the Texas Guaranteed Student Loan Corporation, SFA will apply the amount of the rebate to the student's loan. If a student has more than one outstanding loan, SFA will apply the amount of the rebate to the loans as directed by the student or, if the student fails to provide timely instructions on the application of the amount, SFA will apply the amount of the rebate to the loans according to priorities established by the coordinating board. If the amount of the rebate exceeds the amount of the loan indebtedness, SFA will pay the student the excess amount.
