*How to Apply for Loans:* The donors of the majority of the loan funds have stipulated that the student must have attended school for at least one quarter before he is eligible for loans. Applicants are required to furnish personal security of at least one well known citizen. Applications for loans should be addressed to either the President of the College or to the business manager.

### GIFTS

*Aikman Gymnasium:* Acknowledgment has been made elsewhere in this catalogue of the gift of Mr. F. S. Aikman, of Nacogdoches. When it was discovered that the college was in need of a gymnasium but without funds to supply the need, Mr. Frank S. Aikman, a manufacturer of Nacogdoches, generously donated to the college the sum of \$12,000, which was used to erect a structure that will serve the double purpose of an auditorium and gymnasium. It is a substantial wooden structure 110 by 140 feet, with basketball court in the center. When the court is not in use the building will have a seating capacity of three thousand.

*Other Gifts:* Many other valuable gifts have been presented to the college, among which are valuable books, rare photographs, manuscripts, and furniture.

#### STUDENT EMPLOYMENT

The college authorities will assist students in obtaining part-time work to defray their expenses while in college. Opportunities for employment in Nacogdoches are limited. The college employs a number of students in the library and for other work in connection with college activities. Ordinarily, students employed in the library must have completed courses in library science before they will be given employment.

#### TEACHER PLACEMENT BUREAU

In order to co-operate with school authorities in finding teachers and to assist students in securing desirable positions, the Stephen F. Austin State Teachers College has an appointment committee. There is no charge for the services of this committee. It is very desirable that students keep in close touch with the college after leaving it, and we also desire that
